

YOU DON'T BECOME A LEADER BY CHANCE...

Elo invented the touchscreen over 30 years ago and has been setting the standard ever since. The first with clear glass overlays for LCDs, the innovator of iTouch "Touch-on-Tube" technology and achieving a new level of quality in gaming monitors at competitive prices. With the world's largest range of LCD and CRT touchmonitors, we leave nothing to chance.

STAND 1830

ELO. DEDICATED TO TOUCH.
